

# Black Combination Wrenches

## SAE & Metric 12-Point

**SUPER DRIVE** **BLACK**

High Quality  
**Micro-steel alloy**

**100** YEAR WARRANTY

**UGS**  
URREA GRIP SYSTEM

### Advantages

- BLACK combination wrenches feature two same-size openings on the same wrench; a fixed-size open-end for the purpose of applying quick, low torque (to tighten) and a box-end allowing you to apply final torque with greater torsion (to tighten).
- Available in 12-point design, allowing a 30° recovery angle.
- BLACK phosphatized finish to prevent corrosion.
- High quality micro-steel alloy and controlled thermal-treatment.
- New sizes that complete the actual program of Black Combination Wrenches.
- BLACK phosphatized finish for use where non-plated products are required.
